About Us

Established in 2008, Hagimex has become a **leading manufacturer** of canned vegetables and spices in Vietnam. Our high-quality products have been exported to over **50 countries** for years (such as Korea, Canada, Holland, etc.).

Achieving such success is thanks to our **stringent control** over raw material areas and **rigorous production** processes. All of these adhere to **Global Food Safety Initiative standards (such as BRC)**, allowing us to maintain control over our product quality from seed to table.
