RICE SHRIMP
NO PRESERVATIVES

RICE SHRIMP

Shrimp – Rice Shrimp – Rice cultivation model is the symbolic name for rice milled from rice grown in the rice-shrimp rotational area, saline soil.

* The rice variety is selected from Soc Trang's specialty ST24 6-month rice variety (Non-GMO), the 3rd best in the world, just behind the junior ST25 who has just won the World's Best Rice award in 2019. ST24 rice variety has been awarded the title of Best Rice in the World 2019. Grown in a rice-shrimp rotational area, the soil is saline, above rice, below shrimp, only one crop a year, so the rice grain is more nutritious and richer.
