COMPANY INTRODUCTION

Established in 1966, over 50 years of operation and development, Bich Chi Food Company has become a familiar brand to customers through variety of products such as Rice Noodle, Pho, Vermicelli, Rice Paper, Prawn Cracker and Nutrition Powder.

Located on an area of 33,000 m², with great production capacity, dynamic management team and enthusiastic staffs, Bich Chi has constantly modernized equipments and invested heavily in research to create more high quality products and serve the needs of domestic and foreign customers.

VN-BIO-140

Always set food hygiene and safety criteria to the top, Bich Chi products not only meet the inland requirements of food quality, but also get approval from foreign countries with many quality certifications like FSSC, UKAS, Organic and Halal.

Continuously with the achievements, with the desire to "Reach out to the world" by unceasing efforts, Bich Chi will continue to write stories about bringing Vietnamese products to conquer the world markets such as Taiwan, Singapore, Malaysia, Indonesia, Japan, Korea, contributing to confirm the position of Vietnamese brand in the international market.

CRACKERS GROUP

Bich Chi Prawn Crackers has long been considered a specialty of the Mekong Delta. The crispy and spongy of the fried cracker, combining with the greasy taste and a little bit of spicy pepper, mixing in the featured aroma of shrimp convince customers. Currently, besides the traditional Prawn Cracker, Bich Chi has developed many new products such as Fish Cracker, Vegetable Cracker, Seaweed Cracker and Brown Rice Cracker to meet the diverse tastes of consumers.

MANGO CRACKER

People will be fascinated by crispy taste in every piece of cracker combining with traditional sweetness flavor of mango.

BROWN RICE CRACKER

a wonderful variation of brown rice. Not only good for health, the crispness of the cracker along with the special scent of brown rice will bring a new taste to diners.

SEAWEED CRACKER

When fried, Seaweed Cracker is green. The cool flavor of seaweed mixed with the greasy taste of cracker will bring a strange flavor to the enjoyment. This cracker can also be used for vegetarians.

COLOR PRAWN CRACKERS

Color Prawn crackers is a colorful and signature snack for Chinese New Year celebration and other parties. Its colors and fantastic flavor will attract your children and family members

PRAWN CRACKER

Not only suitable for domestic tastes, Bich Chi Prawn Cracker is also very popular in foreign market because of its crisp texture, pure white, rich flavor and smell of shrimp, bringing strange feelings for customers.

SEAFOOD CRACKER

This group of products will satisfy your tastes with various flavours. The aswetness of squid/fish/crab blended in each piece of cracker combining with the crispy taster make people fascinated immediately by this charming flavor.

FINE RICE VERMICELLI

After processing, the fine rice vermicelli is soft and smooth, knit into thick and fine pieces, not discrete or clotted. The product is white and smells of new rice. When eating, it is tenacious, not friable and can be used with vegetable and barbecue.

TAPIOCA RICE STICK

The sticks are soft and medium tough, not sticky or crumbly when cooked, creating a delicious and attractive taste. The product can be used as simple dishes such as stir-fried sticks with meat and sticks with soup.

RICE VERMICELLI

After processing, the product will be soft, natural milky and aromatic of rice. This is a great material for making many delicious dishes in different ways like cooking, frying and mixing.

VERMICELLI

The yam is small, clear white and rolled into 20cm long. When processing, it still keeps the toughness and attractiveness, not sticking together and can be used to prepare many different dishes.

RICE NOODLE (VINA PHO)

After cooking, the rice noodle is still tough and having light aroma of rice. When eating, it gives a feeling of a bit crispy but very soft, not crushed or too hard like other noodles. Bich Chi Vina Pho also convinces customers due to the processing is always clean and ensure food safety.

RICE NOODLE

In busy modern life, not everyone has time to prepare many dishes for family. Wishing to bring products to meet the needs of consumers, Bich Chi has skillfully combined traditional rice materials into modern production lines, and then rice noodle, pho, rice vermicelli and vermicelli has come to the world. Many products such as Pho, Rice Vermicelli, Fine Rice Vermicelli and Green Bean Vermicelli through women skillful hands will bring more delicious food for families.

Bich Chi Rice Paper is used to make spring rolls. The product is medium thickness, equal size, smooth, tenacious, fragrant, no sour taste and tough enough to roll without broken. When dipping in water, it is very tough, not sticky and friable, easy to roll without torn.

RICE PAPER GROUP

Rice Paper is considered the most popular dish of many people because it always knows how to freshen up through many types of processing. It is combined perfectly to attract gourmets. With the desire to contribute to the enrichment of Vietnamese food, Bich Chi has launched various kinds of rice paper with different sizes, which are produced on closed automatic lines to ensure the quality. The specialty of Bich Chi Rice Paper is after absorbing water, it will be flexible, tough, not broken and rice fragrant.

ORGANIC PRODUCTS

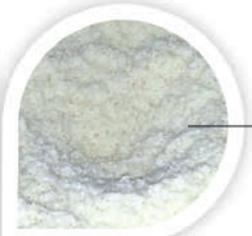

Brown rice and relevant products made from it are chosen as a smart option for healthy products. Furthermore, products which made from Red cargo rice have more nutrients such as starch, protein, fat and vitamin B1, B2, B3, B5, B6, ... etc. A group of organic products from brown rice are made from 100% organic raw materials without chemical ingredients and additives. They will bring to your family a safety and healthy meals with simple receipt of cooking. The product has been certified according to USDA / NOP and EU standards by Control Unionanica and is currently a consumer trend.

Our products are made from 100% organic rice which have nutty, earthy flavor, soft texture. Organic foods often have more beneficial nutrients, such as antioxidants, than their conventionally-grown counterparts and people with allergies to foods, chemicals, or preservatives often find their symptoms lessen or go away when they eat only organic foods. Delicious and good for health, organic products from rice are made from clean source materials without preservatives, and welding. The product has been certified according to USDA / NOP and EU standards by Control Unionanica and is currently a consumer trend.

RICE STARCH

The product is flexible, tough and natural white which is suitable to make delicious cakes like sponge cake, steamed rice pancake and sweet rice pasta.

GLUTINOUS RICE STARCH

The product has a natural white of glutinous rice. When processing, it is tough and suitable to make cakes like dumpling, rice ball sweet soup and glutinous rice sesame ball.

CRISPY FRIED POWDER MIX

No need to add spices. The product not only brings a delicious crunchy taste, but also makes a yellow attractive dish.

VIETNAM COCONUT PANCAKE FLOUR

When processing, the whiteness of the flour combined with the yellow of turmeric powder blended in the delicious coconut with an available rate will bring a material to make the skin of the cake without spending a lot of time.

PRE-PROCESSED FLOUR GROUP

Modern life is growing, with the motto "Bring convenience to customers", Bich Chi has produced many kinds of ready-to-cook food powders, combining Vietnamese traditional recipe with modern technology. Currently, Bich Chi has launched many kinds of ready-made powders such as Prepared Mix Flour, Vietnam Coconut Pancake Flour, Rice Starch, Glutinous Rice Starch and Crisp Fried Powder Mix to serve the needs of every family.

BROWN RICE POWDER WITH LOTUS SEED

is now cooked, added sugar, packed in small sachets and enough for a single use to improve the convenience. Besides the aroma of lotus seeds making the powder more attractive, their nutrients also contribute to cool the body.

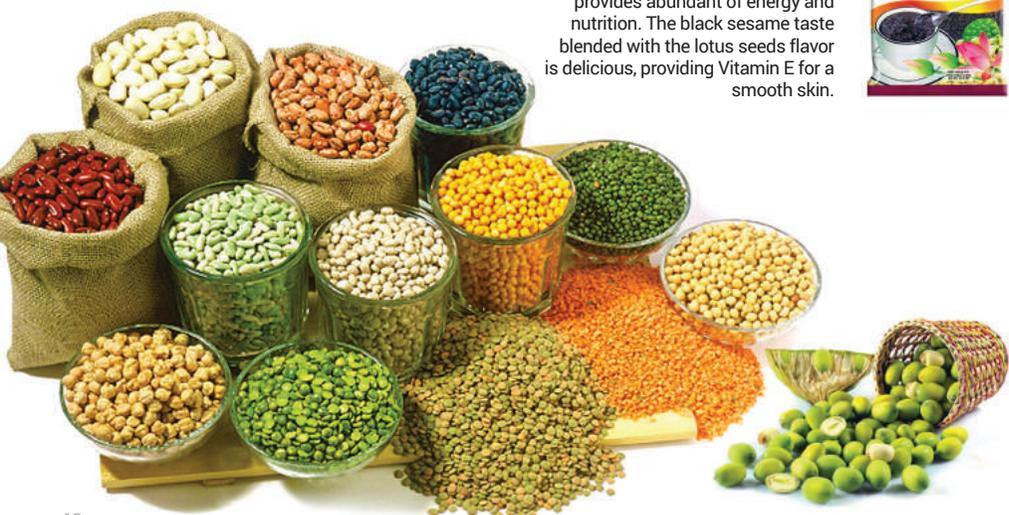

GREEN BEAN POWDER WITH LOTUS SEED

The combination of green beans and lotus seeds provides a nutritious and energetic drink that cool down the body.

BLACK SESAME POWDER WITH LOTUS SEED

provides abundant of energy and nutrition. The black sesame taste blended with the lotus seeds flavor is delicious, providing Vitamin E for a smooth skin.

NUTRITION POWDER GROUP

Bich Chi Nutrition Powder - A brand originated from love for children. It is started in 1966 with the product brown rice powder for weaning. Through years of improvement and development, besides traditional brown rice powder products, Bich Chi has developed many new products such as Brown Rice Powder with Lotus Seed and Black Sesame Powder with Lotus Seed. All is to meet the diverse tastes of customers and bring the brand Bich Chi Nutrition Powder closer and familiar with Vietnamese families.

NOTE: THERE IS PRODUCTION AND SUPPLY OF SUGAR-FREE NUTRITIONAL PRODUCTS.
