ONE-STOP SOLUTION
for your food development from Vietnam

Sauces & Powders Seasonings

POWDERS

MARINATE

SAUSAGE, FRIED CHICKEN, KEBAB, HAMBURGER

The product includes necessary spices to help dishes such as sausage, hamburger, and fried chicken adding more depth of flavor. Our product is selected from raw materials and produced by advanced fine granule technology depending on customer order.

SNACK SHAKING

POTATO / CORN / FISH SKIN SNACK

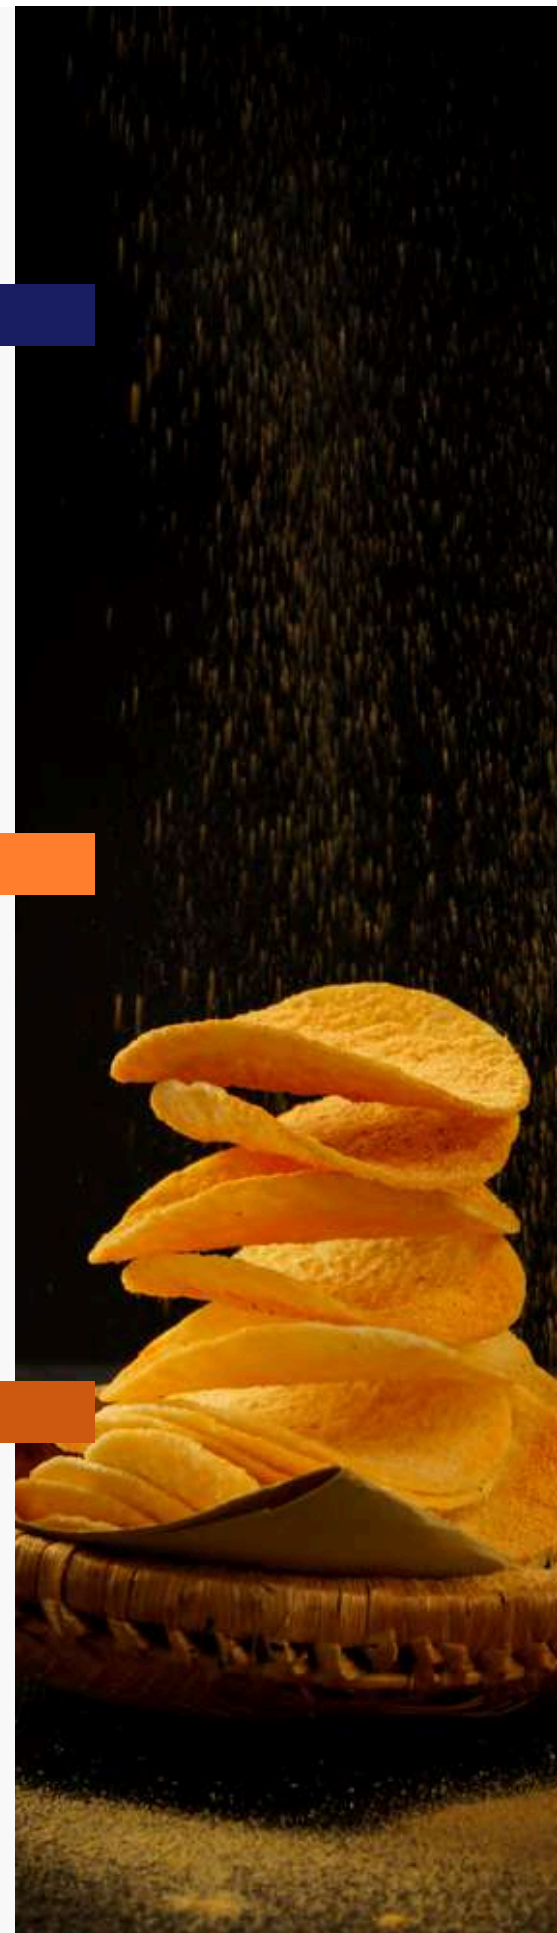

This flavor-boosting blend combines an array of bright, savory, and tasty components to make an immediate impact on anything it touches, from popcorn to potato chips or anything that needs a shot of flavor.

POPCORN COATING

SWEET & SAVORY FLAVORS

We offer 2 types of coating:
- Pop together with corn in the cooking machine.
Suitable for sweet flavor: matcha, strawberry, taro, chocolate...
- Shaking powder with plain popcorn.
Suitable for savory flavors.

SAUCES

01 Marinade

Bring something new to your offer for prepared meals with visually attractive, eye-catching marinades along with local and international recipe suggestions.

We produce liquid and marinades with flavors that mingle well with the protein.

02 Dipping / Glazing

Our sauce tastes like it is homemade, fresh from the kitchen.

It works great for ribs, chicken, and a glaze on meatloaf or meatballs, a marinade sauce or put in stir-fries.

You can also sprinkle on sushi and roll with this sauce to make a delicious Japanese dish.

03 Coating

One simple dish recipe could achieve a level-up version once our coating sauces are incorporated into it.

We supply both Japanese and Korean cuisine with authentic and even modern styles.

04 Chilli Sauce / Sriracha

We not only could customize the chili sauce depending on consumer tastes but also stronger demand for convenience and health concerns.

Japanese & Korean Seasonings

ABOUT DASHI LAB
