ESTABLISHED IN 1980

LASUCO GROUP takes the essence of the brand "Everything is from nature" to inspire all products and services of the Group in intensive agriculture, with high-value safe nutritional food products from nature. With a completely closed and 100% automated chain from Europe, not only ensuring absolute safety but also retaining the valuable nutrients of the raw materials, bringing natural products that are good for human health.

VISION

To become a leading enterprise in Vietnam in the development of applied high technology, high-nutrition, and clean natural products that meet the expectations of global consumers.

CORE VALUES

Creativity: Always think of new things and dare to change. **Solidarity:** Only through joint efforts can there be success. **Cooperation:** Cooperate to develop for the community. **Honesty:** Tell the truth, do the truth and do it responsibly. **Friendliness:** Think and act humanely, without jealousy.

MISSION

Our ultimate goal is to become the world's leading brand and corporation in specialized agriculture and focus on the chain of nutritional food products from nature.

We pursue the long-term goal of spreading and educating people's awareness with our best efforts in each region and different cultural areas where the corporation and the Lasuco brand are present. Our mission is to contribute to making the world a better place and nurturing the dreams of the young generation.
